A.R.M.S. acquires Archive Solutions

DE PERE — Automated Records Management Systems, a De Pere-based information management and protection business, recently acquired Archive Solutions of De Pere.

Archive Solutions has provided a broad range of information management and storage services for more than eight years, serving much of eastern and central Wisconsin, including Milwaukee, Madison, Wausau and Northeastern Wisconsin.

President/owner Eric Haas says the acquisition of Archive Solutions was a perfect fit for A.R.M.S. as the company continues to grow.

"We're pleased to welcome the Archive Solutions employees to the A.R.M.S. team and look forward to providing new and additional services to the Archive Solutions' clients," Haas said.

"This acquisition is another important step as we continue to expand our reach in Wisconsin and beyond."
