

Business and business people news from Marketplace Magazine

**Business Watch for Oct. 13**

by Steve Prestegard

**Automated Records Management Systems, Inc.**, Green Bay, has developed a new program to help companies show how they are contributing to a "greener" tomorrow. As part of its "Save a Tree: One Document at a Time" program, businesses that utilize A.R.M.S.' document destruction services will be provided an annual volume summary showing how many trees have been saved because their waste was shredded and recycled.
